Last Updated: October 20, 2020

Dil Mil, Inc. ("Dil Mil", "we," and "us") respects the privacy of its user ("you") and has developed the Privacy Policy to demonstrate its commitment to protecting your privacy.

Thank you for visiting Dil Mil. We at Dil Mil are committed to protecting the information you share with us, and explaining how we collect, process, and share that information. This Privacy Policy describes the information we collect, how that information may be used, with whom it may be shared, and your choices about such uses and disclosures. We encourage you to read this Privacy Policy carefully when using our application or services or transacting business with us. By using our website or application (our "Service"), you are accepting the practices described in this Privacy Policy and providing your consent to the processing of personal information as described below.

We are the publishers of Dil Mil, a mobile app for connecting people around the world. If you have any questions about our privacy practices, please refer to the end of this Privacy Policy for information on how to contact us.

### 1. Information we collect about you

IN GENERAL. WE MAY COLLECT INFORMATION THAT CAN IDENTIFY YOU SUCH AS YOUR NAME AND EMAIL ADDRESS ("PERSONAL INFORMATION") AND OTHER INFORMATION THAT DOES NOT IDENTIFY YOU. WE MAY COLLECT THIS INFORMATION THROUGH A WEBSITE OR A MOBILE APPLICATION.

Information you provide. In order to register as a user with Dil Mil, you may be asked to sign in using your Facebook login or your phone number. If you choose to sign in with Facebook, you authorize us to access certain Facebook account information, such as your public Facebook profile (consistent with your privacy settings in Facebook), your email address, interests, likes, gender, birthday, education history, relationship interests, current city, photos, personal description, friend list, and information about and photos of your Facebook friends who might be common Facebook friends with other Dil Mil users. You will also be asked to allow Dil Mil to collect your location information from your device when you download or use the Service. In addition, we may collect and store any personal information you provide while using our Service or in some other manner. This may include identifying information, such as your name, address, email address and telephone number, and, if you transact business with us, financial information. You may also provide us photos, a personal description and information about your gender and preferences for recommendations, such as search distance, age range, religion, community, education, height, occupation, and gender. If you chat with other Dil Mil users, you provide us the content of your chats, and if you contact us with a customer service or other inquiry, you provide us with the content of that communication.

Some of the information you choose to provide us may be considered "special" or "sensitive" in certain jurisdictions, for example your sexual orientation or religious beliefs. By choosing to provide this information, you consent to our processing of that information.

USE OF TECHNOLOGIES TO COLLECT INFORMATION. WE USE VARIOUS TECHNOLOGIES TO COLLECT INFORMATION FROM YOUR DEVICE AND ABOUT YOUR ACTIVITIES ON OUR SERVICE.

Technical information collected automatically. We automatically collect information from your browser or device when you visit our Service. This information could include your IP address, device ID and type, your browser type and language, the operating system used by your device, access times, your mobile device's geographic location while our application is actively running, and the referring website address.

Cookies and Use of Cookie Data. When you visit our Service, we may ask you to allow us to assign your device one or more cookies to facilitate access to our Service and to personalize your experience. Through the use of a cookie, we also may automatically collect information about your activity on our Service, such as the pages you visit, the time and date of your visits and the links you click. Cookies may be used to keep you logged in or provide a continuous interactive website experience on the website or app and will not be used to store personally identifiable information. If we advertise, we (or third parties) may use certain data collected on our Service to show you Dil Mil advertisements on other sites or applications. You can refuse cookies by turning them off in your browser. Your web browser's help function should tell you how to do this. Alternatively, you can find information about how to do this for all the commonly used internet browsers at <http://www.aboutcookies.org/default.aspx>. This website will also explain how you can delete cookies which are already stored on your device. If you turn off cookies, though, we will not be able to track your order to enable you to purchase from our site. Nor will we be able to recognize you as a registered user, which allows you to access your account information.

Pixel tags. We embed pixel tags (also called web beacons or clear GIFs) on web pages, ads, and emails. These tiny, invisible graphics are used to access cookies and track user activities (such as how many times a page is viewed). We use pixel tags to measure the popularity of our features and services. Ad companies also use pixel tags to measure the number of ads displayed and their performance (such as how many people clicked on an ad).

Mobile Device IDs: If you're using our app, we use mobile device IDs (the unique identifier assigned to a device by the manufacturer), or Advertising IDs (for iOS 6 and later), instead of cookies, to recognize you. We do this to store your preferences and track your use of our app. Unlike cookies, device IDs cannot be deleted, but Advertising IDs can be reset in "Settings" on your iPhone. Ad companies also use device IDs or Advertising IDs to track your use of the app, track the number of ads displayed, measure ad performance and display ads that are more relevant to you. Analytics companies use device IDs to track information about app usage.

Information collected by third-parties for advertising purposes. We may allow service providers, advertising companies and ad networks, and other third parties to display advertisements on our Service. These companies may use tracking technologies, such as cookies or web beacons, to collect information about users who view or interact with their advertisements. We do not provide any non-anonymized personal information to third parties. Some of these third-party advertising companies may be advertising networks that are members of the Network Advertising Initiative, which offers a single location to opt out of ad targeting from member companies ([www.networkadvertising.org](http://www.networkadvertising.org)). Opting out will not decrease the number of advertisements you see.
